

# TECHNICAL DATA SHEET

# ENVIRO GLASS

## PROFESSIONAL GRADE

### NON-AMMONIATED READY-TO-USE GLASS CLEANER

Specially formulated with a balanced blend of grease cutting surfactants and solvents to quickly penetrate and remove dirt, soot, fingerprints, perspiration, and food soil on glass and other hard non-porous surfaces. Cleans, shines, and polishes.

#### ADVANTAGES

- Will not streak or smear.
- Contains no ammonia — no strong ammonia odor.
- Polishes glass crystal clear, squeaky clean.
- Convenient — no diluting, no measuring. Simply spray, then rub dry with a clean, soft cloth.
- Versatile — excellent for cleaning windows, walls, glass, chairs, cabinets, vinyl, porcelain, telephones, formica surfaces, and appliances.
- For use on automotive windshields, plastics, and Plexiglas®.

#### DIRECTIONS

Ready to use. Spray on surface to be cleaned. Rub dry with a clean, lint-free cloth.

Can be used on most washable surfaces. If you are in doubt, try on a small area before proceeding.
